

Subject Area: **4th grade Math**

Week 2.9 - January 9th-13th

	Monday	Tuesday	Wednesday	Thursday	Friday
Unit Concept	Division Unit - Division as Sharing	Problem Solving	Division Unit - Dividing 2 digit by 1 digit	Problem Solving	Division Unit - Dividing 3 digit by 1 digit
Daily Objective	TLW...Use strategies and algorithms, including standard algorithm, to divide up to four digit by one digit divisor.	TLW...Practice solving multi-step word problems	TLW...Use strategies and algorithms, including standard algorithm, to divide up to four digit by one digit divisor.	TLW...Practice solving multi-step word problems	TLW...Use strategies and algorithms, including standard algorithm, to divide up to four digit by one digit divisor.
TEKS	4.4F (mathematical process standards 4.1ACDG)		4.4F (mathematical process standards 4.1ACDG)		4.4F (mathematical process standards 4.1ACDG)
Class Activities	Lesson 8-2 Pages 413-416	POD	Intro to DMSCB and the standard algorithm	POD	Continue practicing DMSCB and the standard algorithm
Homework/ Assignments Due	Pages 417-418	5 Problems (assigned nightly)	5 problems (assigned nightly)	5 problems (assigned nightly)	Homework Due
